Soccer Without Drugs Cup 2006 - Important information (with urgent request for answer)

Dear colleagues,

In about two weeks the big event will be kicked off and we are all looking forward very much to it. There is still some need for further clarifications both on your end and mine, that's why I am writing to you.

You will find 2 answer forms attached to this, which we need in our preparatory work. I would ask you to fill these in and to send them back to me as soon as possible. In the forms, questions are made about the exact number of people (we asked that one already, yet there might still have been changes from your end), and the arrival time. This is important, because I have to plan in advance when to pick you up, if requested.

I have also enclosed a brief outline of the workshops so as to give you and the players a first glimpse of what's waiting for you. There is an answer fax to this, too, and I would like you to send this back complete with the number of participants for each workshop. We are happy to offer you a broad range of workshop themes, so we hope there will be something suitable for each participant.

As mentioned already earlier on, participation in the workshops is mandatory for the players.

Thank you very much for your cooperation. I am looking forward to welcoming you to Berlin soon.

With best wishes
